

A skinny Asian guy is talking to an incredibly hot chick. He is ANTOINE a stereotypical computer geek. His real name is Twan but in an attempt at being cool, he tells people to call him Antoine - no one thinks he is cool. He is a decent coder, but prefers to hack into systems for fun and thinks it makes him cool - no one thinks this is cool. He has a chip on his shoulder about his inability to attract women, and is jealous of his friends Mark and Bob who he looks up to because they are computer guys AND have girlfriends.

He is talking to SIMONE a professional model who knows how to work the opposite sex for almost anything she wants. She is stereotypically self-absorbed. Twan has had a crush on her since 2nd grade, and she has subtly led him to believe he might have a chance at a date in order to get Twan to do what ever she wants. This is her M.O. with many guys.

ANTOINE

(Nervously) So, Simone, ummm, what are you doing Friday? I was thinking we could . . .

SIMONE

Oh! I have this date with this guy I met at the gym, huge muscles! I hope he's smart like you.

ANTOINE

Thanks! Yeah, a lot of those muscle heads are just stupid and . . .

SIMONE

But they are so cute! Do you think I should wear this shirt, maybe if I unbutton it more, like this.

ANTOINE

Yeah - that's really, um, I mean - I'm sure whatever you wear you will look great, you always do.

SIMONE

Awww, thank's Twan. You are always so good to me. Should I wear a push up bra? That would have me up here (she lifts her boobs up making even more cleavage), does that look good?

ANTOINE

Oh - oh my, yeah, I mean, you are so much more than just what you look like you know. Will he appreciate you for who you are?

Simone is visibly stunned by this complement. She actually tears up.

SIMONE

Oh my God. You are so - good to me. Why haven't I seen this all these years. You are so kind and nice.

ANTOINE

Well, I'm glad you noticed finally. I've had major crush on you half my life.

SIMONE

Really? I'm so glad you told me because - you turn me on so much!

She unbuttons one of the last buttons on her top as she looks seductively at Antoine. Antoine smiles: oh yeah.

CUT TO

Same scene, same set up, we realize this was Antoine's fantasy.

SIMONE (CONT'D)

See? Look at how sweet you are. How is it that you are still single?

ANTOINE

Yeah, kind of a mystery huh?

SIMONE

Well, guys appreciate me for what they see first. Then they can appreciate me for who I am later. Hey I have to go meet Jolene at Shooters. Damn, I forgot my purse. Hey can you grab this bill for me?

ANTOINE

Ah, sure, no big deal. Hey, I'm not doing anything, I could go with you to . . .

SIMONE

Oh, no, it's a girls night out thing. I think I'll just leave this unbuttoned, you know for free drinks from all the losers. Ha ha ha!

ANTOINE

Ha ha! Yeah, those losers. I'm glad I'm not one.

SIMONE

Hey, can you take me to the airport on Monday? L.A. photoshoot again. My flight leaves at 6:30 am Ugh.

ANTOINE

Hmmm, so, you'd have to be there by 5:30, and I'd have to pick you up at 5, so I'd have to leave my house at 4:30, which means I'd have to get up at 4 or so - Yeah, sure!

SIMONE

(Flashing a huge smile as she walks out)

You are such a good friend!

ANTOINE

(To himself) I know, right?
